

COMPANY PROFILE

GLAS WAGENER, GERMANY

MEMBER OF ARNOLD GROUP

Founded in 1956 Glas Wagener belongs today to leading glass suppliers in Germany and other European countries. The product range includes:

- High-quality functional insulating glass
- Dekorex - Insulating glass with interstitial blinds
- Vacurex - Vacuum panels with high thermal insulation
- Voltarlux – PV solar modules
- Ornilux – first bird strike protecting glass
- matriXpoint – own developed point fixed façade system
- Structural Glazing
- Individual solutions etc.

Glas Wagener belongs to the distinguished **Arnold Group**. With its 6 independent production locations, own coating facilities (Arcon) and float works the Arnold Group is a innovative full-line supplier in the world of construction glass and interior design.

The founder of Arnold Group Alfred Arnold has also established the European **Isolar Group** which is the largest union of middle-sized independent companies in Europe. ISOLAR enjoys an excellent brand-name reputation in the insulating glass industry. Today in Germany every 10th double glazed unit comes from one of the 20 German Isolar members.

Facts and figures Arnold Group:

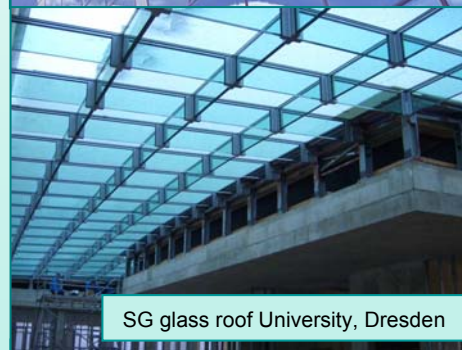

- Over 750 employees at 6 facilities
- Total production area of over 62.000 sq
- Latest technical equipment
- Turnover 2006 Arnold Group: 100 Mio EUR
