

# KIHEI SURFSIDE RESORT MAUI, HAWAII

Kihei Surfside Resort is an oceanfront property, nestled between Kihei's small boat harbor and just steps from Wailea's first beach, Keawakapu. "The Forbidden Beach", as Keawakapu was known by the locals, was a favorite of Hawaii's Ali'i (royalty), and is one of the most beautiful, white sand swimming beaches on Maui.

## APPLICATION

Originally built in 1974, Kihei Surfside has just completed a \$4M exterior renovation that has transformed the condo resort into one of the most beautiful destination properties in South Maui. All of the original windows were replaced with dramatic floor to ceiling glass and the original metal lanai railing upgraded with over 3,500 ft<sup>2</sup> of new glass balustrades to enhance the amazing ocean views.

Maui's Certified EnduroShield Applicator, Perfectly Clear LLC, was contracted to provide glass protection for the project. EnduroShield® Professional for Glass was then applied to lanai balustrades to protect the glass against salt etching and corrosion caused by the extremely harsh conditions that confront the building in its ocean facing location. With this application the glass will remain cleaner for longer and eliminate the need for expensive future glass restoration and/or replacement.

## ABOUT ENDUROSHIELD

EnduroShield is the smart choice for exterior glass surfaces providing a permanent\*, ultra-thin, transparent coating that completely adheres to the glass surface. The coating provides a reduction of both the frequency and the time spent cleaning. Developed with cutting edge nanotechnology, the coating is applied by many of the world's leading glass companies and is an official partner to Lisec Corporation, the world's largest manufacturer of high-tech production lines for the glass industry. \*Independently tested and certified for durability to simulate a lifetime of 10 years on interior and exterior use by TÜV Rheinland, Germany.
